Brief Bio for Mr. Arnold Bateman, University of Nebraska-Lincoln

Arnold Bateman has been involved in extended education and outreach for the University of Nebraska-Lincoln since 1987. In 2002, he was named as Associate Vice Chancellor for Extended Education and Outreach where he provides leadership in the development of the vision and planning for the future of extended education at UNL. Mr. Bateman is UNL's chief spokesperson and representative to Central Administration on extended education and outreach issues and provides leadership to the UNL Extended Education Academic Council and Extended Education Statewide Advisory Council. His primary responsibilities include providing administrative leadership to facilitate the offering of UNL's off-campus educational and outreach programs, in consultation with respective colleges and divisions.

Brief Bio for Ms. Yvette Holly, University of Nebraska Medical Center

Yvette Holly is an experienced senior level information technology professional with over 18 years of service in an academic health sciences environment. Currently she serves as Assistant Vice Chancellor for UNMC's unit of Information Technology Services where she is responsible for the provision of data, voice and video services to the University of Nebraska Medical Center, as well as to UNMC's partner organization, Nebraska Health System. Ms. Holly's professional experience includes strategic and tactical planning; budget preparation and administration; contract negotiations; project management and personnel management; and leadership and management of large-scale, complex data and voice networks.

Brief Bio for Mr. Dennis Linster, Wayne State College

Dennis Linster has worked in the area of computer science, network systems and information technology for Wayne State College since 1991. He currently serves as Chief Information Officer for the College where he is responsible for technology budgeting, technology project design and implementation, and is the administrative spokesperson on matters dealing with technology. He has been very active in the Midwest Higher Education Consortium (MHEC), securing preferred hardware and software pricing for educational and government entities. Most recently, he is responsible for an innovative wireless technology aggregation project for the community of Wayne.
